

**AIHEEE** is a veritable global platform that provides exams of increasing levels of difficulty in the subjects of various subjects to students from Class Nursery to Class XI.

The AIHEEE recognizes the need to expose budding young minds to International Challenges and empowering them to question the comfort zones set by the curriculum structure, while the school curriculum enforces a deep understanding of various concepts of all the subjects.

AIHEEE provides a platform to help the students recognize the real application and potential of these concepts. Since the association has come a long way in achieving its aim to motivate the students to sharpen their skills and talent mentally.

They are also gaining tremendous knowledge to partake in future competitions. Moreover, it is a self practice event before their final

**examination. It is emerging as a Conglomerate of Institutions and compressing real knowledge developing body of modern generation.**

**I am pleased to share my excitement for honouring the teaching community who shapes and moulds the future of the children and their encouragement can play a vital role on the student's life.**

**This event adds new pillars of strength and encouragement on the part of the teaching community which boosts them to work constantly with their whole heartedness to achieve greater heights which ultimately reflects on the part of the students and society.**

**Every year numerous numbers of schools are adding up to the member list of AIHEEE. This support makes a work more efficiently towards our goal of making examination innovatively more competitive and challenging.**

**The AIHEEE contest is an event that brings together school from not only**

**India but also from various countries worldwide. This event is truly a Global event and it is possible only with the help of principals and organizing staff involvement that an event of this magnitude can be organised smoothly.**

**The Association feels proud that most of the parents are taking keen interest in awakening their wards to participate in the contest and the Association is more excited to see that our aim and object of getting most meaningful education to a different level is achieved.**
